## Anthropology

Courses acceptable for the Anthropology major or minor are offered in a number of different locations. The lists below by no means represent an exhaustive list of locations where courses are available. If there is a place you are interested in going that is not listed, contact the ILO Office to see what courses might be available in that location.

### Other Upper Division Anthropology Electives

The list above is just a few of the many Anthropology courses offered abroad. Any upper division Anthropology elective will count towards the upper division Anthropology credit requirement for the major or minor.

### Disciplinary Lens Courses (DLs)

It is also possible to fulfill some of the disciplinary lens requirements while abroad, particularly the DLN (Non-Lab Science), DLL (Literature and Humanities), DLS (Social Science), and DLV (Visual and Performing Arts) requirements. Even if the course is not equivalent to a course on the approved list, you can contact Foundational Studies to see if they will approve a substitution.

### Course Finder

A full list of all pre-approved courses can be found on the ILO website: <http://international.boisestate.edu/academic-information/coursefinder/>. Be aware that not every course is offered during every term, so you should consult both the program website and the Course Finder when planning your courses. It is also important to meet with your academic advisor, to ensure that you are staying on track with regard to your academic plan.

### Approval Process

It is possible to take courses that are not listed on the Course Finder. If you would like a course to count as an equivalent to a specific Boise State course, you must take a course description or syllabus to the chair of the appropriate academic department. If the course is not something Boise State offers (i.e., Italian History), the course will simply count as an elective.
