

**Advisor Verification Form – Curricular Practical Training Extension**

An international student whom you advise was approved for Curricular Practical Training (CPT) in the recent past in the form of an off-campus internship. The student's CPT is about to end. The student has requested an extension to their CPT approval. Immigration regulations are strict with regards to off-campus employment, including internships. Approval of CPT extension may be granted only if the academic advisor confirms the academic necessity for an extension, and if the extension meets immigration requirements. CPT extensions are typically granted for one additional semester. Simply wanting to gain continued experience does not meet the extension requirements. Additionally, CPT is not meant to be used as a method to have off-campus employment. If you are in support of this student's request to extend their current CPT period for academic purposes, please complete this form.

For more information about CPT, please visit our website: <http://iss.boisestate.edu/curricular-practical-training/>
