About the Scholarship

The International Student Waiver is a tuition assistance program for outstanding undergraduate international students who demonstrate academic achievement and a commitment to being involved at Boise State University. The scholarship waives the non-resident portion of Boise State University tuition. You are still responsible for in-state fees (currently approximately \$3,700 per semester). This scholarship is awarded for the **2018-19 school year only**. Please review Boise State University scholarship policies for additional information at:
